Mr. Rick Metsger, Chairman  
National Credit Union Administration  
1775 Duke Street  
Alexandria, VA 22314-3428

Dear Chairman Metsger,

I want to personally congratulate you on your illustrious career and your recent appointment as Chairman of the National Credit Union Administration. I also wish to express my gratitude and enthusiastic support for your efforts to expeditiously move the National Credit Union Administration towards an extended exam cycle for well-managed, financially sound credit unions.

Community credit unions are a crucial part of our financial system and in providing credit to consumers in underserved and rural communities, such as my district. Consequently, I am pleased to see that you have committed to reforming the credit union examination and supervision process and making improvements therein. Your quick actions, as Chairman, in proposing to remove the prescriptive calendar year requirement as well as establishing the Exam Flexibility initiative is evidence of the thoughtful, responsive, and inclusive manner in which the Administration, under your leadership, will conduct its operations and work to strike the right balance between regulatory burdens and importantly, the safety and soundness of the credit union system.

Chairman Metsger
